FY 19 Update

- Constructed New T-Hangar Building # 901- Completed July, 2018
 - Includes storm water modifications
 - 14 units, 48-ft nested and taxilane access

FY 19 Update

- Reconstruction of Public Use Aprons – North Apron -
 - Reconfigured existing tie-down areas to rehabilitate existing pavement
 - Improved functionality of the airport apron areas

FY 19 Update

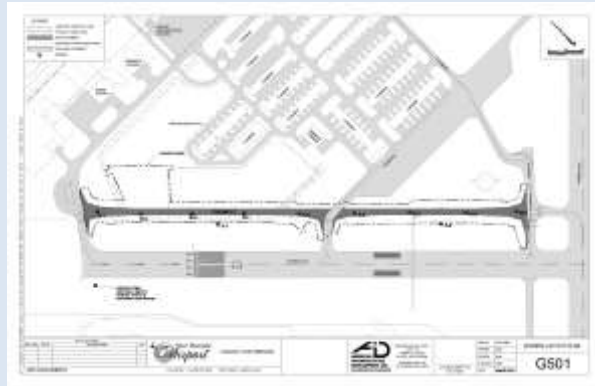

- North and Mid-Field Aprons – COMPLETED February, 2018

FY 19 Update

→ Design and Construct Taxiway “D” Extension

- Will reduce runway occupancy time and increase safety
- Work Assignment Issued – Design Phase at nearly 90%

5

FY 2019 Update

→ Design, Permit and Construct New Administration Building

- Existing 2,000 sq. ft. facility has minimal public lobby and restroom facilities for pilots and their passengers
- No public space for meetings, nor flight planning area
- We are at 30% Design Phase, moving rapidly towards 60%

6

FY 2019 Update

→ Security Improvements

- Develop a comprehensive Master Security Plan to maintain/attain a high level of security, including lighting, gate replacements, cameras, and increased fiber optic connectivity
- We are on Phase III, expecting 60% completion in near future

7

FY 2019 Update

→ Aircraft Washrack –

- Bid Process Complete
- Permitting – Complete
- Bid Award Pending
- Funding: Bids higher than anticipated in Project Budget –
Pending Approval for Use of Additional Funds

8

- Relating to Phase I - Regional Ponds Construction and Taxiway A Ditch Improvements

9

FY 2019 Update

→ T- Hangars – SAFETY CONCERNS

Acceptable Electrical Device for Fire Safety

- ▶ Rainproof rated for indoor and outdoor use provides safety assurance for any electrically powered job
- ▶ Construction and industrial grade with molded u-ground plug and connector
- ▶ 18" - 12 gauge heavy duty cord
- ▶ GFCI safety assurance, OSHA compliant, highly visible "safety" yellow color
- ▶ LED power "On" indicator
- ▶ 15 amp, 125 volt rated

- ▶ [15-amp-12-gauge-yellow-outdoor-extension-cord-with-gfci-circuit/3817017](https://www.electricalsupply.com/15-amp-12-gauge-yellow-outdoor-extension-cord-with-gfci-circuit/3817017)

10

FY 2019 Update

→ T- Hangars – Improper Storage causes SAFETY ISSUES

Let us avoid this by
maintaining good
practices

11

FY 2019 Update

PARKING – In Authorized Areas Only

This is too close to a Taxiway

12

FY 2019 Update

→ Fly Friendly

→ Fly Friendly

→ Fly Friendly
